

Accessing online class resources

Instruction for parents.

From Monday 20th April, you and your child will have the option of accessing online learning resources provided by teachers to support your child's learning at home, if you so choose. There is no expectation that parents will use or complete these activities nor the expectation that parents must purchase resources or print worksheets. Using paper at home or just talking together about the learning would also support your child. Please feel free to 'tweet' any work or exciting activities taking place at home by tweeting the class teacher or @GreatOaksFed or @InfiityAcad. We love to hear from our children and families.

- Each Year Group has uploaded suggested activities for your child to complete, if they so wish. There are daily Maths and English lessons as well as other topic related ones.
- Under their class star, you will find a weekly range of Maths, English and Topic activities.

- Under the **Children's section**, find the subheading of the **Video Resource Centre**, there are videos to support activities for your child's year group.

We hope you find this useful and we thank you for your support

Please follow the Government Guidance: Keep home, Keep safe and Save lives.
