

## Private and Personal Information

Children will learn about the importance of keeping their personal information private to help avoid online identity theft. They will be discussing what private and confidential means and understand how and where they can store this information in a safe way.

Children will also be learning how to share appropriate information online and what it means to be respectful to other members of the online community.

## ACCEPTABLE USER POLICY

When using the computers I will:

Always behave sensibly, respecting other members of the school.

Only log in using my own username.

Keep my password secret, if I have one.

Never access or distribute any material on the network which may be considered offensive by others.

Close down any offensive material which has been accessed by mistake and report it to my teacher.

Be polite at all times, both to those around me and those I contact through the network.

Report any offensive messages I receive through the network to my teacher or Headteacher.

Not waste my time playing non-educational games.

Not download any games or other programs without the permission of my teacher.

Never enter my address, telephone number,

As a parent or carer you play a key role in helping your child to stay safe online. At St Thomas' Primary school we aim to deliver a programme of study to help provide your child with the information they require to use the internet safely,

Infinity Academies Trust

Ready to learn. Prepared to flourish.

# Year 4

## Using Words Effectively

Children will consider and learn to understand that they may get online messages from other kids that can make them feel angry, hurt, sad, or fearful.

Children will identify the actions that will make them up standers in the face of cyberbullying. They will also learn about what actions to take if they fear someone is bullying someone else online or if they feel they are being bullied themselves.

As part of the curriculum children will strategies

of the lum children also earn gies to

## Whose Is It, Anyway?

Children learn that copying the work of others and presenting it as one's own is called plagiarism. They also learn about when and how it's ok to use the work of others.
